## Wall Mount Brackets for HLX+ Series Batteries.

### WALL MOUNT BRACKET COMPATIBILITY

The HLX+ Series Mounting Brackets (Battery sold separately) are designed to secure one HLX+ Series Battery to a load bearing surface. The HLX+ Mounting Bracket securely mounts the HLX+ Series Battery to the wall in a repeatable standard installation that will save installers time and money.

#### Mount Directly to Wall Studs

The Wall Mount Bracket secures to the wall first allowing the HLX+ battery to be hung on the bracket to secure the battery permanently.

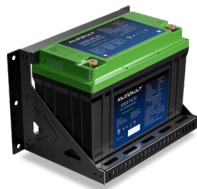

#### Fast Layout Planning and Quick Installation

The wall mount bracket allows for the easy planning for a variety of multi-battery layouts and quick installation.

#### High Strength and Durable Design

Durable black powder-coated paint protects against resist rust and corrosion, withstands acid, gas, oil and other contaminants, and immune to UV exposure.
